## Part B

### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution is affiliated to Alagappa University and adopts the curriculum and syllabus framed and laid down by the university. Though the institution follows the curriculum and syllabi prescribed by the university, utmost care is taken by the institution to deliver the curriculum in an effective manner to the students and document the process effectively. It has instituted strict guidelines for teachers to deliver the curriculum efficaciously. The college meticulously plans and develops action plans for effective delivery of the curriculum to provide quality education. At the beginning of every semester Head of the Department conducts meetings to plan the execution of the syllabus prescribed by the university for the ensuing semester. The meeting mainly focuses on work allotment, time table and preparation of lesson plan. Teachers prepare schedule of work for each subject in each semester. The curriculum delivery is effectively done through the globally accepted and followed teaching methods and strategies like the chalk and talk method, lectures, demonstrations, group discussions, seminars and interactive sessions supported by Power Point Presentations, videos, etc. Faculty members distribute printed study materials, simplified notes, question banks and assignments which enable students to cope with challenges in the course. E - learning facility (UGC-N LIST) service is also implemented for both faculty and students to further ensure effective delivery of curriculum. Based on the syllabus, the college acquires latest books related to each discipline from time to time. The college also provides text books, reference books and journals in the library. In addition to general library, departmental library is set up in all the departments for the use of students and staff. Well - equipped and technically upgraded laboratories are provided utilizing grants obtained from State Government and UGC for the science and language departments. The faculty members are encouraged to attend various academic activities like Orientation programme, Refresher courses, Conferences , Seminars , Workshops, Symposium, Faculty Development Programme, etc. to update and upgrade the subject knowledge, to keep abreast of the recent trends in teaching pedagogy and equip knowledge on latest technologies. This enables the faculty to deliver the curriculum effectively. Besides administering regular subject classes, the institution also organizes special lectures by inviting experts from various fields to share their knowledge with students. The students are also taken out for various educational tours and places of historical importance to provide them a firsthand knowledge on various aspects. Furthermore, for delivering the curriculum effectively, the college conducts special/remedial classes for slow learners. Feedback and suggestions about the curriculum are orally obtained from the students time and again and are represented to the university through the members of the Board of Studies. IQAC constantly monitors the all - round academic development of the institution. Generally, effective delivery of the curriculum is the core objective of the teaching- learning process. Hence

immense importance and attention is given to the delivery of curriculum by the college.

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college consistently strives to bring reforms in CIE in order to improve the reliability and validity of examinations and to make evaluation a continuous process. It aims at helping the student to improve his/her level of achievement rather than certifying the quality of their performance at a given moment of time. For bringing about reforms in CIE practices, the institution adopts different strategies and methods. It includes assessing the students achievement through verbal tests, assignments, group discussions, seminars, periodical written tests and demonstration by the students regularly. Continuous evaluation through these approaches gives information about students performance and their calibre. The reforms initiated by the institution are well discussed in the College Council headed by the Principal and communicated to the teachers and students through Council members. The institution tries its utmost effort to maintain the quality of question papers and to test higher order skills like reasoning and analysis, lateral thinking, creativity and judgement. Greater emphasis is laid on testing application of knowledge and understanding. Course teacher keeps in mind the advanced, average and slow learners while setting the question papers so that the slow learners can get pass mark at least. The college has taken various measures in giving internal options in question papers so as to eliminate selective study by students, introducing short answer questions to have a wide coverage of syllabus, providing marking schemes and evaluating the answer scripts as per the scheme of evaluation prepared by the subject teacher. To maintain uniformity, the institution provides answer booklets to all students at the time of internal tests which contain college name, logo and other details to be filled in by students. It also enables students to get typed/printed question papers. If some students are not able to attend the internal tests due to unavoidable circumstances or genuine reasons, a retest is conducted for those students. Semester question papers are maintained in the respective departments for the reference of students and faculty members. Question banks with suitable test items are being set up in different subjects. Periodical Project reviews are also carried out regularly to monitor the progress of students in carrying out Projects. A complete and comprehensive assessment is done by the staff in charge in the given prescribed format in which all the factors are taken into account for evaluating the students.

The college follows established systems and procedures for maintaining and utilizing the buildings in the campus, furniture, equipment, computers, library, etc. in a regular ongoing process. The institution is very keen about the maintenance of the facilities available. Since it is a Government institution, the maintenance and renovation / repairing works are taken care by the Public Works Department (PWD). The PWD of both civil and electrical department look after the maintenance of the colleges' physical, academic and support facilities whenever required. The Principal of the college also ensures the maintenance of the available infrastructural facilities and equipments from time to time through the members of the administrative committee. The governing council of the college also guides on this in times of need. The State Government allots funds annually for the maintenance and upkeep of the infrastructure facilities and purchase of equipments to the college based on the requirements made by the institution. Heads of various departments are also directed to submit the requirements of facilities and based on their needs the planning committee seeks help from the state Government and other funding agencies. The lab assistants of the college look after the routine maintenance of equipment in various science laboratories. The Government of Tamilnadu appoints sweepers for the maintenance of the college campus and the existing services. There is a full time gardener and a mechanic in the campus and they are responsible for the upkeep of the campus and workshop respectively. The college uses outsourcing for the maintenance of computing equipment. Fire extinguishers are kept at major places.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

College has a student council. Best students, based on their academic performances, identified and recommended by the Head of the Departments are nominated as the student representatives of various committees and cells. In addition, each class has a student representative. The major activity of the student council is to take care of student managed programmes and evaluation, to maintain discipline and cleanliness in the campus and to implement the various activities planned by the committees and cells of the college. In general, the students are involved in the upkeep of the campus. They also initiate the students to form departmental associations and participate in organizing Freshers Day, Founders Day, Teachers Day, etc. and conduct the departmental and college level co curricular and extracurricular activities.

The institution believes in giving equal opportunities to students in supporting the administrators and the college faculty and in running the affairs of the college smoothly. For this the college has formulated various academic bodies such as Associations for Tamil, English, History, Commerce, B.B.A., Maths, Physics, Chemistry, Geology, Zoology, Botany, Computer Science, B.C.A. and Economics. Students represented in the capacity of Secretaries and Joint Secretaries play a vital role in the progress of academic and administrative activities and they make arrangements for conducting Seminars, Workshops, Discussions, Debates and Cultural programmes. The following institutional bodies have student representatives in them: IQAC, Placement Cell, Women's Cell, Fine Arts Committee, Research Committee, Editorial Board of College Magazine, Sports Committee, Extension Activities Committee, Extracurricular Activities Committee, RRC, YRC, Grievance Redressal Cell, Library Committee, Discipline Committee, Anti ragging Committee, etc. Thus, with the active and significant participation of student representatives, the organisation of various competitions and extension programmes are arranged and administered successfully.

### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college is governed by participative management for the administrative, academic and co - curricular activities. Being a Government institution governed by Tamilnadu Government, the Principal is delegated with the power and authority to represent all matters related to the institution. The Principal plans the infrastructural developments in consultation with the Head of the Departments and faculty members keeping in mind the requirements of the college. Staff council and General staff meetings are convened regularly for arriving at consensus on all significant decisions. In order to make decisions error free and to make them participative, important, critical and non recurring issues are discussed in the staff council meeting. The administration is decentralised to carry out all the academic activities. This paves way for sharing of duties and academic responsibilities. The Principal is always supportive towards academic works of the college and communicates the decisions of the management concerning academics, finance and other developmental activities to the constituted different committees involving faculty members for effective implementation of the decisions taken. Head of the Departments and faculty members together play a vital role in the planning and implementation of developmental procedures. The committees consisting of faculty members and students from different departments co ordinate and

organise various activities and events in the college to exhibit the skills and talents of the students in a constructive way and also to groom the leadership qualities among the students. Planning and decision making in financial matters rest with the Principal, the Bursar and the office superintendent and the staff council members. During the staff council meeting, the opinions of the members on financial matters are taken into account by the Principal. All financial transactions other than regular ones are to be endorsed by the committee coordinator through a resolution before any expenditure is made from that amount. For example, the UGC committee meets to discuss the distribution of the UGC funds allotted to the college for different activities. The college authorities also encourage the cooperation of the nominated student representatives and the PTA executive members in the management of the academic and non academic activities of the college. The principal also conducts meetings with all the faculty members and discusses various issues. All the staff members are involved with one or other college committee and they offer their suggestions and opinions of that particular committee during the meetings. This creates a healthy participative environment in the college. The college has a policy of sharing organizational duties to the departments on rotation. Opportunities are provided to all the faculties to train themselves in the management of different aspects of curricular and co curricular activities. All are free to reach out to principal to put forth their ideas and suggestions. With the involvement of the Principal, all faculty members, student representatives and other designated members of the governing body the quality in every field like academics, administration, cocurricular and extra curricular is maintained in all the possible ways.

## 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

All the practices of the institution fall in line with the value system inscribed in the vision statement: Contributing to national development serving the cause of social justice, ensuring equity, increasing access to higher education, catering to the needs of students of different backgrounds and abilities and creating an egalitarian society. Alagappa Government Arts College, established with an intention to provide a quality higher education, gives distinctive priority to weaker sections of society and to backward category learners with different abilities and distinguishes itself from other institutions by offering education at an affordable cost to create an egalitarian society. Founded in the year 1947, the colleges' vision statement defines the distinctive characteristics to meet the needs of the society. The institution is committed to groom socially relevant and responsible students for the development of nation. To create the ideal egalitarian society as clearly stated in the vision, the college gives priority to cater the needs of the students with different abilities and backgrounds from rural, semi-urban, urban, students from private and government schools and from Tamil or English medium of instruction. In view of this, the institution has adopted various strategies to satisfy the needs of the students from diverse backgrounds including socio economic backward community complying with all the norms of the State Government. It has also taken every possible effort to offer education to all categories of students irrespective of their background. The college shows no discrimination with regard to caste, creed or community. It gives equal rights, opportunities or equal treatment to all categories of students and enrich them with knowledge and skills through academic, co curricular and extracurricular activities. To translate the Vision of the college into reality, the college has adopted the mechanism of student centric approach in teaching and utilized modern teaching learning methods to make the curriculum interesting and effective for the students with different abilities. One of the most pervasive of these practices is facilitating economically and educationally backward students with remedial teaching and coaching classes. The institution also tries to promote conducive environment and provide good infrastructure to fulfil the needs of diverse learners. Besides, the teaching

methods and instructional materials are designed in such a way to facilitate students of different abilities and increase the chances of achieving success in higher education. This kind of practice reflects the distinctive vision of the institution. The institutions unwavering dedication to adhere to its key principle of creating egalitarian society in future is clearly reflected in its practices. The attempt by the college to make its system equal to all or to afford equal educational opportunities to its students has found expression in the expansion of educational provision to almost all levels and categories of students.
